ABOUT **CHATTRIK**

Chattrik is an intelligent chat platform designed to transform the way businesses communicate with their customers. By combining smart automation, intuitive design, and performance-driven technology, Chattrik enables teams to deliver faster, more meaningful conversations—at scale.

Whether you're handling customer support, sales inquiries, or conversations across Facebook, Instagram, website live chat, and mobile devices, Chattrik helps your team stay connected through one intelligent customer communication platform.

WHY TRADITIONAL **CHAT SYSTEMS** FALL SHORT

Today's customers expect instant, accurate, and personalized responses. Unfortunately, many chat systems struggle to keep up—resulting in delayed replies, inconsistent messaging, and overwhelmed teams.

01

Slow response times

02

Repetitive manual handling

03

Inconsistent customer experience

04

Limited scalability

CHATTRIK CHANGES THE CONVERSATION

Chattrik combines AI-powered conversations, Omni channel messaging, and intelligent automation to deliver faster support while giving your team complete control over every customer interaction.

With Chattrik, businesses gain clarity, speed, and control over every customer interaction.
